

Nursery Newsletter

Theme for January is THE UNDERWATER WORLD

Our aim this month is to help the children to identify different sea creatures in the underwater world. We will be looking at the different environments that these sea creatures live in e.g. penguins and polar bears live in very cold arctic seas whereas tropical fish would be found in more warmer climates. We will also be enjoying turning into pirates in our role play area.

Some Underwater World words

Starfish, scallop, sea urchin, seahorse, crab, polar bear, penguin, whale.

We are looking forward to welcoming Jo Jingles to Nursery in January. Children will have the opportunity to participate in monthly Jo Jingles sessions until June.

As the weather turns colder we ask that all children come to school with a coat, hat, scarf and gloves to participate in outdoor play daily.

Help Us

Visit the beach and collect some natural materials (stones, seaweed, shells etc) to add to our underwater world investigation area.

Please practise with your child how to put on and zip up their coat to develop independence.

Dundela Infants' School January 2019

Punctuality

We ask that children are brought to school on time every morning, this is essential as dinner numbers need to be collated and left to the office by 9.10am. Doors open from 1.15pm in the afternoons and all children **must be** collected by 1.30pm as staff are involved in meetings once children leave.

Happy New Year!
Our sincere thanks
for all the lovely
gifts and donations
we received
at Christmas time.
We really
appreciated
your generosity.

Thank you for joining with us in December for Nursery's Medley of Christmas songs. It was a lovely morning and we are extremely proud at how well all the boys and girls did performing their songs.

NURSERY FUND

Term 2 £30

or

Jan £8 Feb £8 Mar £8

Apr £6

Cheques to Dundela Infants' School Nursery Fund.

If you are clearing out any old toys to make room for new toys from Santa, Nursery would be very grateful of any
